

Trade, Growth, Equity and Health - Understanding TTIP and Europe

17th of July 2015, 10:30 – 16:00

Hadyn Ellis Building (Lecture theatre), Maindy Road, Cathays, Cardiff, CF24 4HQ

The Transatlantic Trade and Investment Partnership (TTIP) is a [comprehensive free trade and investment agreement under negotiation](#) between the [European Union](#) and the [United States](#). But, what does it mean in terms of economic growth, equity, health and wellbeing? Proponents say the agreement would result in multilateral economic growth while critics warn it would increase corporate power and make it more difficult for governments to regulate markets for public benefit. TTIP has attracted a lot of interest across Europe and the UK, especially from health and related professionals. The inter-relation between trade liberalisation, growth, socioeconomic equity, safety, physical and mental health and wellbeing have been widely discussed.

As a way of providing more and better information on TTIP and related European issues, while particularly focusing on the Welsh context, Public Health Wales (PHW) is organising a developmental event aiming to:

- ✓ Increase engagement and understanding of European Issues in Wales.
- ✓ Increase networking between individuals interested in European and other international issues related to public health.
- ✓ Promote understanding of links between economic and health issues.
- ✓ Link Public Health Wales with key stakeholders on a national and international basis.

The event will be chaired by PHW Chief Executive **Dr Tracey Cooper**. Presenters and participants include representatives from Welsh Government, European Commission, UK Faculty of Public Health, Members of Parliament, NHS Wales, Welsh NHS Confederation, UK Department of Health, Public Health England, Universities, NGOs and others. Full programme with more information will follow soon.

Deall TTIP ac Ewrop

17 Gorffennaf 2015, 10:30 - 16:00

Adeilad Hadyn Ellis (Ystafell Ddarlithio), Heol Maendy, Cathays, Caerdydd, CF24 4HQ

Mae'r Bartneriaeth Masnach a Buddsoddi Trawsatlantig (TTIP) yn [gytundeb masnach a buddsoddi rhydd cynhwysfawr](#) sy'n cael ei drafod rhwng yr [Undeb Ewropeaidd](#) a'r [Unol Daleithiau](#). Ond beth mae'n ei olygu o ran twf economaidd, tegwch, iechyd a lles? Dywed y rheiny sy'n ei gynnig y byddai'n arwain at dwf economaidd amlochrog ond mae'r beirniaid yn rhybuddio y byddai'n cynyddu pŵer corfforaethol ac yn ei wneud yn fwy anodd i lywodraethau reoleiddio marchnadoedd er budd y cyhoedd. Mae TTIP wedi denu llawer o ddiddordeb ar draws Ewrop a'r DU, yn arbennig gan weithwyr iechyd proffesiynol a gweithwyr cysylltiedig. Mae'r rhyngberthynas rhwng rhyddhau masnach, twf, tegwch economaidd-gymdeithasol, diogelwch, iechyd a lles corfforol a meddyliol wedi cael ei drafod yn helaeth.

Fel ffordd o ddarparu mwy o wybodaeth a gwybodaeth well am TTIP a materion Ewropeaidd cysylltiedig, tra'n canolbwyntio'n benodol ar gyd-destun Cymru, mae Iechyd Cyhoeddus Cymru yn trefnu digwyddiad datblygiadol fydd yn ceisio:

- ✓ Cynyddu ymgysylltu a dealltwriaeth o Faterion Ewropeaidd yng Nghymru
- ✓ Cynyddu'r rhwydweithio rhwng unigolion sydd â diddordeb mewn materion Ewropeaidd a materion eraill sy'n ymwneud ag iechyd y cyhoedd
- ✓ Hybu dealltwriaeth o'r cysylltiadau rhwng materion economaidd ac iechyd
- ✓ Cysylltu Iechyd Cyhoeddus Cymru â rhanddeiliaid allweddol ar sail genedlaethol a rhyngwladol

Cadeirydd y digwyddiad hwn fydd Prif Weithredwr Iechyd Cyhoeddus Cymru Dr Tracey Cooper. Bydd y cyflwynwyr a'r cyfranogwyr yn cynnwys cynrychiolwyr o Lywodraeth Cymru, y Comisiwn Ewropeaidd, Cyfadran Iechyd y Cyhoedd y DU, Aelodau Seneddol, GIG Cymru, Confederasiwn GIG Cymru, Adran Iechyd y DU, Public Health England, Prifysgolion, Cyrff Anllywodraethol ac eraill. Bydd y rhaglen lawn yn cynnwys mwy o wybodaeth ar gael yn fuan.
