

# European collaboration for programme registers

Thematic Working Group EuroHealthNet

Djoeke van Dale, Christin Rossman, Sandra Rados-Krnel, Claudio Tortone, Mara Grasso, Paola Raggazoni, Marika Kylanen, Kasia Lewtak, Luciana Costa and Teresa Caldas

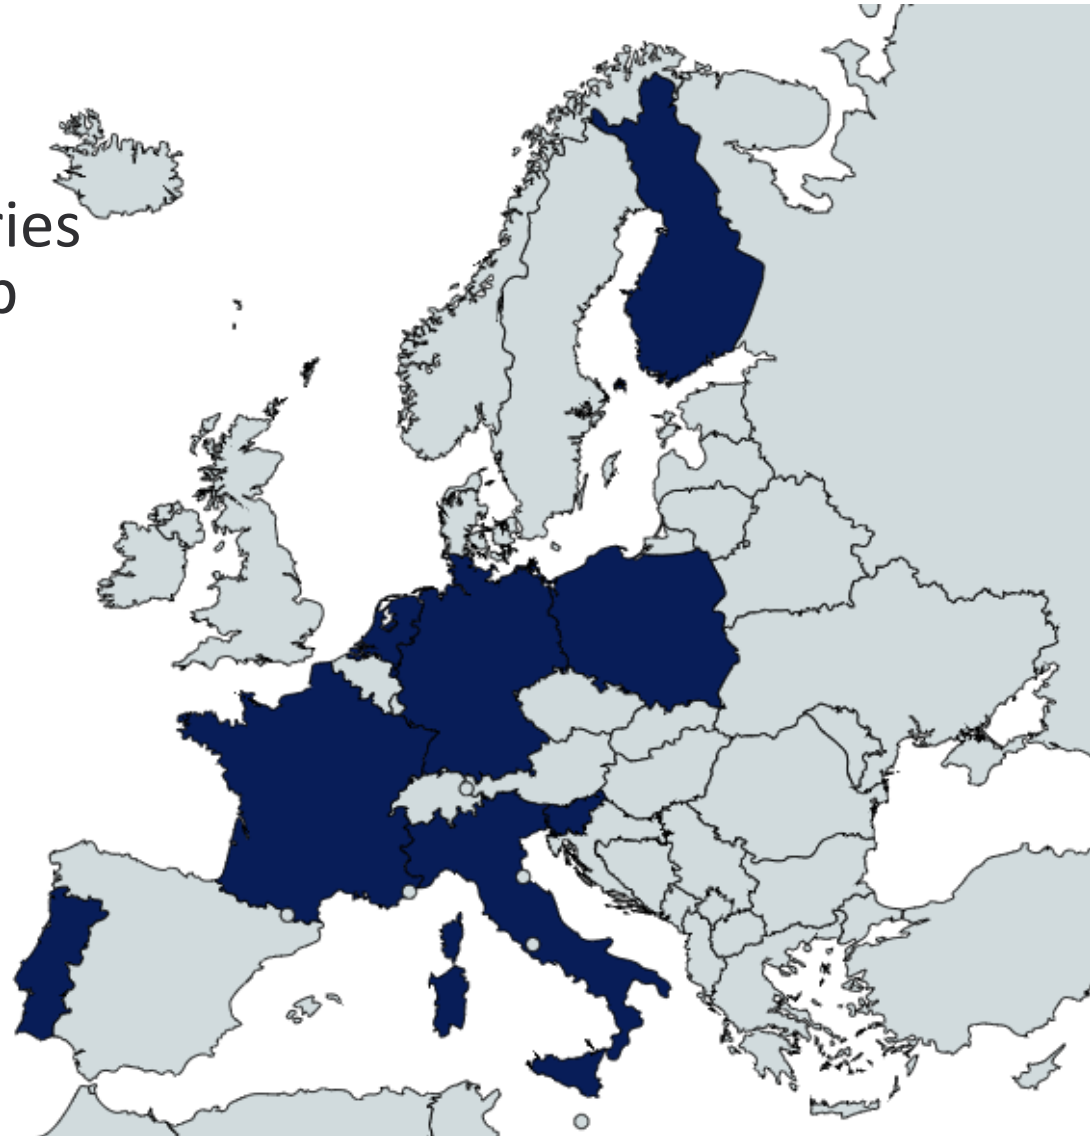

Alison Maassen, support EuroHealthNet

# Working Group (TWIG)

In 2020, EuroHealthNet members from eight countries established a working group on programme registers:

- Finland
- France
- Germany
- Italy
- The Netherlands
- Poland
- Portugal
- Slovenia

# — TWIG Objectives

- Becoming the competence engine for Health Promotion and Disease Prevention Programme Registers in Europe.
- A platform providing a framework for exchange between existing Health Promotion and Disease Prevention Programme Registers with the aim to:
  - Exchange experiences
  - Identify and further develop common topics relevant to programme registers
  - Initiate joint projects
  - Share findings in (scientific) papers and workshops at (international) conferences

# Selecting key areas for collaboration

Given the scope of programme registers and the many ways in which participants could work together, the following were selected priority areas:

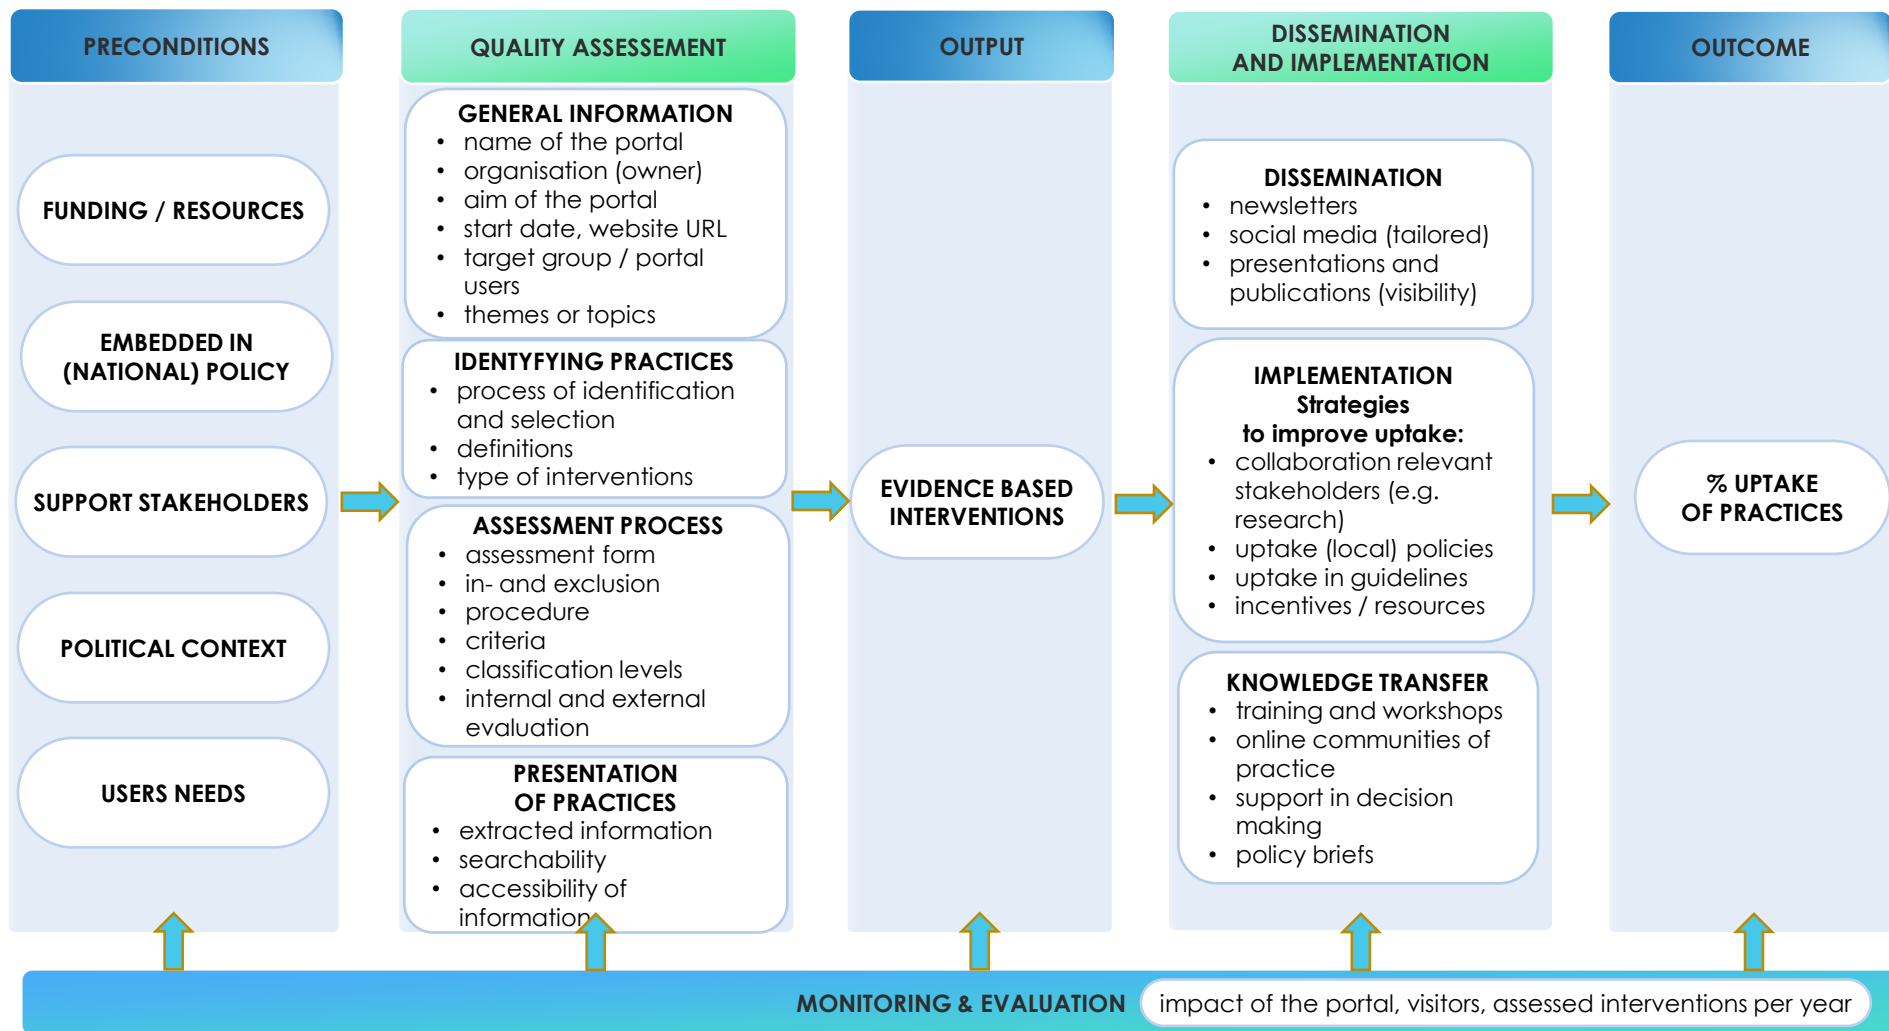

- 1. Contributing to the evidence base through scientific publications (2020-2022): Article**
- 2. Supporting research to design a transferability tool (2020)**
- 3. Joint Workshops EUPHA and/or Preconference meeting (2019, 2020 and 2022(submitted))**
- 4. Establishing standards or minimum set of criteria for programme registers*
- 5. Feasibility of conducting joint systematic or rapid research reviews.*

# Activities

We have

1. Established the characteristics of the registers for the comparison table (2020)
2. Made a comparison analysis of the characteristics of the portals to find commonalities and differences (2021)
3. Draft article by Christin Rossmann (BzGA) in April 2022
4. Contributed to discussions about the adjustment of criteria of EU Best Practice portal
5. Joint workshop **Implementation of good and best practices: what can we learn for each other?** EUPHA in Berlin (April 2022)
6. Preconference at the EUPHA in Berlin in collaboration with section of Health services research
7. Submit article in September for Health Policy

# Framework for programme registers

# Added value of TWIG

Broader and new perspectives  
**The Netherlands**

Improvement of existing portal  
**Italy, the Netherlands**

Support in the development of a new portal  
**Portugal/Slovenia  
Poland/Finland**

Dissemination of portals, practices en knowledge  
**All countries**

International collaboration and relationships  
**Italy and Germany**

Important succesfactor:

- Support of EuroHealthNet
- Time and willingness to work on the TWIG
- The time and expertise of Christin Hoffman of BzGA

Thank you
