

Membership Benefits

EuroHealthNet

European partnership for health, equity & wellbeing

Benefits for
EuroHealthNet
Members

As a member of EuroHealthNet, you will be able to

1 Expand your expertise and network by participating in member-driven Country Exchange Visits to examine how common issues are addressed in different national, regional and local contexts*

2 Build capacity for health promotion policies and interventions through workshops, seminars, webinars, and knowledge exchange activities

3 Get opportunities to participate in European projects with EuroHealthNet and other members of the Partnership and receive support in project applications

4 Lead or participate in ad hoc Thematic Working Groups (TWIGs) to develop joint actions with fellow experts in other countries*

5 Amplify your institution's messages and outputs in our newsletters, online magazine, and social media channels, and through participation in our communications network*

6 Receive 'Network Intelligence', a members only service that provides timely updates on relevant funding, policy consultation, collaboration and capacity building opportunities*

7 Help set EuroHealthNet's strategic direction, vote at General Council Meetings, and sit on the Executive Board*

*only available to members, not associate members

8 Benefit from our monitoring and expert analysis of EU policies affecting health and its determinants

9 Engage in and help shape EU policy and decision making, e.g through policy consultations and joint statements

10 Provide health expertise to critical frameworks for European coordination and governance, including the European Semester and the European Pillar of Social Rights*

11 Profit from our Finance Support Desk and learn how to take advantage of European funding and technical support opportunities*

12 Help shape the EU research agenda and stay informed of priorities within the EU Framework Programmes, such as Horizon Europe

13 Participate in EU platforms and build alliances, including with WHO Europe, civil society and European networks

14 Raise your visibility at major European events, e.g. the European Public Health Conference, and speak at EuroHealthNet events

15 Organise placements at EuroHealthNet, allowing your staff to experience European public affairs first-hand, and use our office facilities for free

And together we will be able to

- **Keep health equity** and the determinants of health on the **European agenda**
- Translate knowledge to policy makers and stakeholders and **promote evidence-based decision making across Europe**
- Increase collaborations between European public health institutions to **adapt to and tackle rising challenges of the 21st century**
- **Address the ‘causes of the causes’ through further cross-sectoral engagement** and a Health in All Policies and sustainable development approach
- **Stimulate an inclusive partnership** in which all members contribute according to their abilities and receive equal opportunities
- **Improve the sustainability of health systems** through investment in health promotion and disease prevention across the life course

Membership eligibility

The EuroHealthNet Partnership consists of members and associate members.

- **Members** and national, regional or local institutions that have public mandates to work on health promotion, disease prevention, determinants of health, or health inequalities.
- Non-statutory bodies, such as universities, NGO's and civil society organisations, can join the EuroHealthNet Partnerships as **associate members** of one or more of our three platforms (Policy, Practice and Research).

Annual membership fees

- Our annual membership fees range from € 2,500 to € 20,000 for members.
- Based on the principles of transparency, solidarity and equity, members self-define the level of which they are able and willing to contribute to the Partnership.
- The annual membership fee for associate members is € 500 per platform.

More information

For more information about membership, please contact David Hargitt via d.hargitt@eurohealthnet.eu.

About EuroHealthNet

EuroHealthNet, the European Partnership for Health, Equity and Wellbeing, is a partnership of public organisations, agencies and statutory bodies that work on public health, disease prevention, health promotion, and reducing inequalities.

Our mission is to improve and sustain health in Europe and to reduce health inequalities between and within European States through action on the determinants of health.

EuroHealthNet activities take place across three platforms covering policy, practice and research. EuroHealthNet supports members' work in EU and associated states through policy and project development, knowledge and expertise exchange, research, networking and communications.
