@SF4C\_Project

**Peter Defranceschi**

Head of the Global CityFood Programme,

Head of the ICLEI Europe Brussels Office

This project has received  
funding from the European  
Union's Horizon 2020 research  
and innovation programme  
under grant agreement  
No 101036763.

**city**  
**FOOD**  
food for resilient futures

**ICLEI**  
Local Governments  
for Sustainability

## HEALTHY & SUSTAINABLE FOOD?

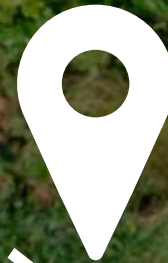

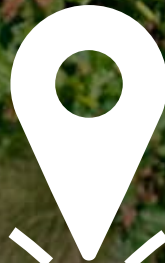

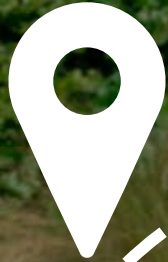

local

regional/ national

global

Healthy People

Healthy Landscape

Healthy Climate

Two logos are displayed side-by-side on a white background. On the left is the 'city FOOD' logo, with 'city' in yellow and 'FOOD' in red, and the tagline 'food for resilient futures' below it. On the right is the ICLEI logo, featuring the letters 'ICLEI' in blue and green, with the tagline 'Local Governments for Sustainability' below it.

## Healthy People

Making healthy food accessible and affordable to all – both in and around cities.

## Healthy Landscape

Reshaping rural-urban linkages for more resilient food value chains.

Connecting food and climate for people, nature, and our planet.

## Healthy Climate

---

#1 Fresh food markets

---

#2 Food Waste & Circular Food Systems

---

#3 School meals and the public plate

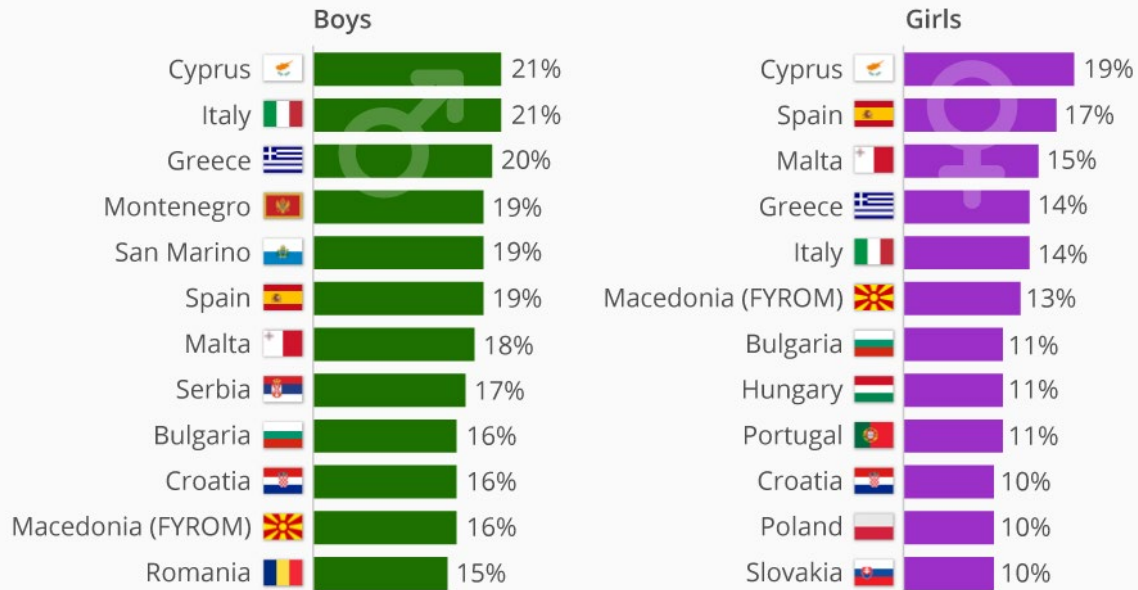

Innovative Public Procurement providing criteria in the line with Farm2Fork Strategy and SDGs

# Nearly one in three school-aged children are living with overweight or obesity.

– WHO European Regional Obesity Report 2022

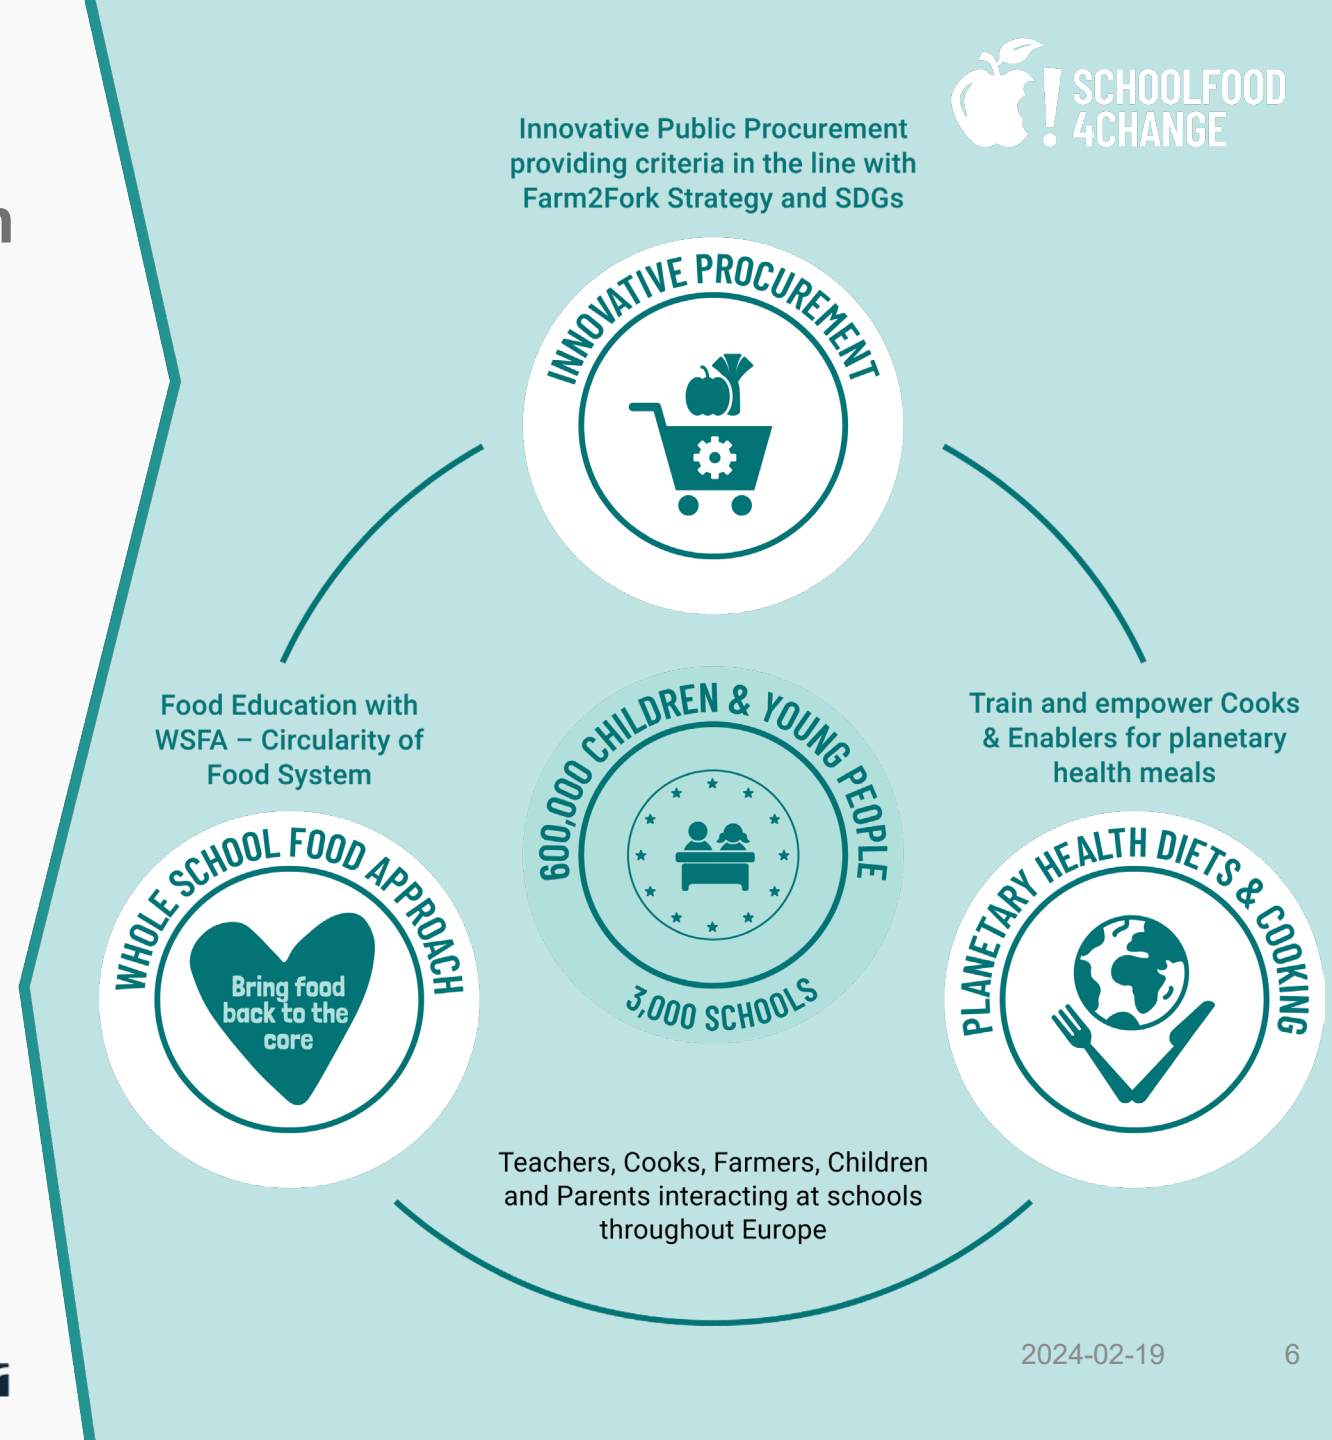

## Where childhood obesity is most prevalent in Europe

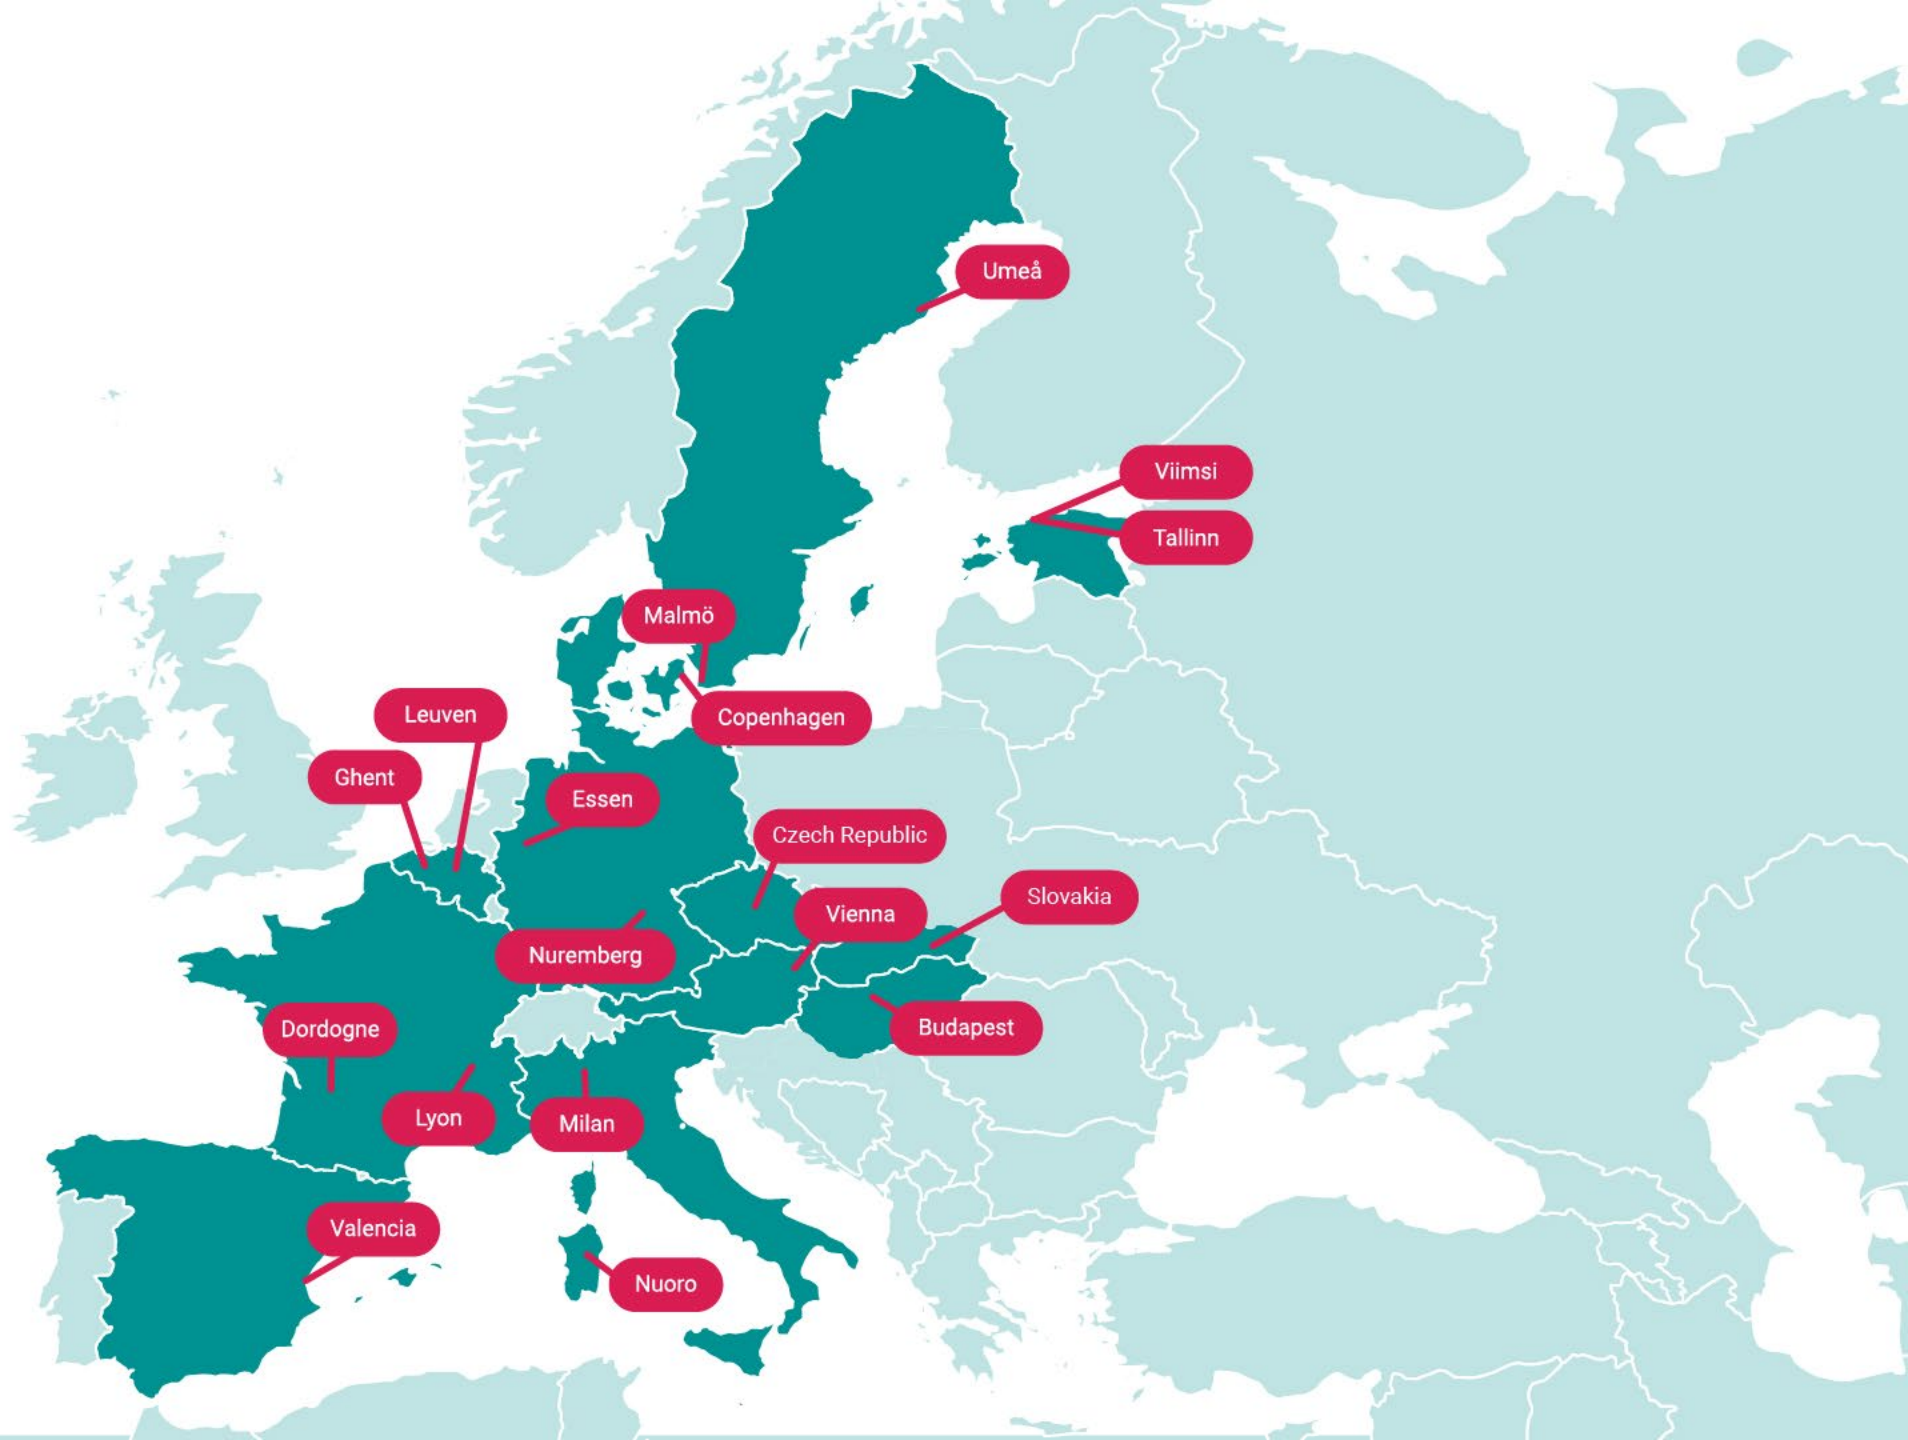

Share of 6 to 9 year olds considered obese in European countries (2015-2017)\*

\* Based on the 2007 WHO recommended growth reference.  
Age of children varies between countries, within the span of 6 to 9 years.  
Not all European countries included in the research, e.g. the UK and Germany.
